

We are a

Associate Member
2026

The International Council for Research and Innovation in Building and Construction (CIB) is the worldwide network of building and construction experts who, through international co-operation and information exchange with their peers, improve the quality and impact of research and innovation.

Accelerate your research

Benefits of being involved in CIB include:

- Global research network
- Working commissions
- Early career researcher network
- Student chapters
- Networking and events
- Award and funding opportunities
- Collaboration opportunities
- Access to world experts in their field
- Information exchange

Our organisation's membership means this is all free for you to participate. For information on how to become involved or to learn more. The CIB contact in this organisation is:
